New Temporary Hours of Operation: - 10 AM to 2 AM through June 5, 2020.

“Following the re-opening plan associated with our area, we are excited to open the Buffalo Run Casino & Resort doors to our guests and team members once again. I am proud of the new strict cleaning and disinfection protocols and clear safety measures put in place by our gaming leadership and staff. The Peoria Business Committee made the decision to support our exceptional team and pay our staff full wages and benefits while being closed for roughly 8 weeks. That approach has helped us be ready to reopen and provide a fun, safe and professional gaming experience. God Bless our guests, team members, our community and our tribal citizens during this most difficult time. We remain Peoria Proud.” says Chief Harper.

The Covid-19 has changed the way every business will operate moving forward, here are a few safety first safeguard procedures that will be executed. For example:

- Capacity is limited on the gaming floor
- Every other machine will be out of service
- Employees will wear face masks while on gaming floor, guests are strongly encouraged
- Employees & guests will be temp checked upon entering facility
- While closed, late night casino cleaning & disinfecting measures will be performed
